ABOUT ME

Xu Jiayi

Digital Media Art student exploring AI, interaction and game design. Creating intuitive digital experiences through design and technology.

EDUCATION

2023-2027	Sichuan Agricultural University B.A. in Digital Media Art · GPA 3.89/5.0

HIGHLIGHTS

2023-2025	Wearable Robot Interaction — UX · Ergonomics · AI Interaction
2025-2026	Godot Game Development — Game Design · Interaction · Coding
2026	HKU ICB — Outstanding Final Project

SKILLS

Visual Design	Photoshop · Illustrator · Figma · Procreate · After Effects · CapCut	■ ■ ■ ■ □
3D & Interactive	Maya · Nomad Sculpt · Unreal Engine	■ ■ ■ □ □
Programming & Workflow	Python · GitHub · Godot Engine	■ ■ ■ □ □

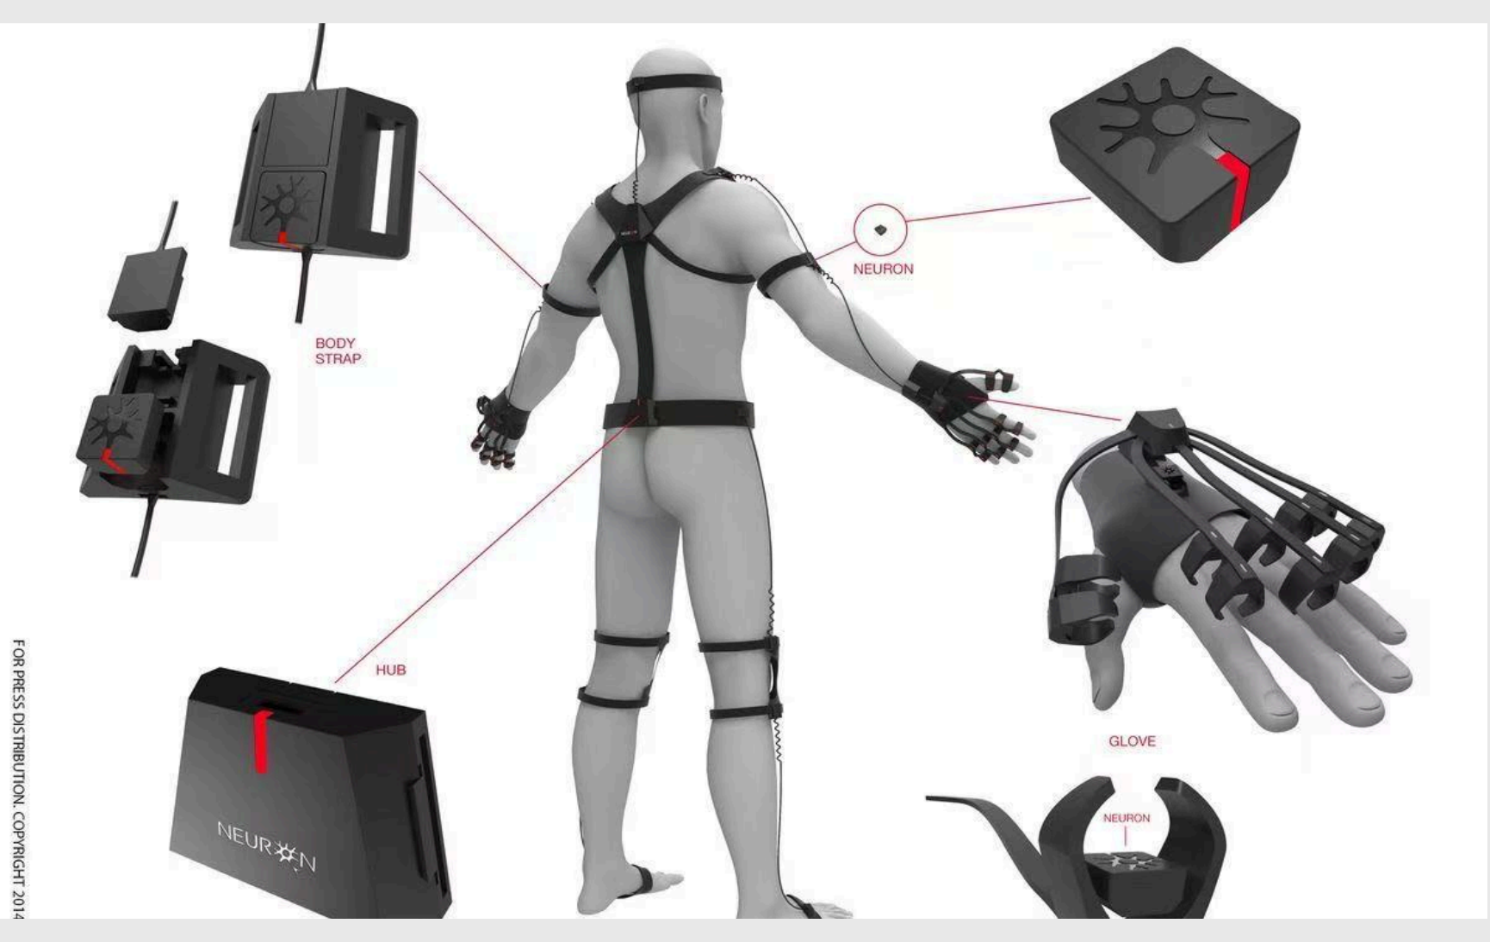
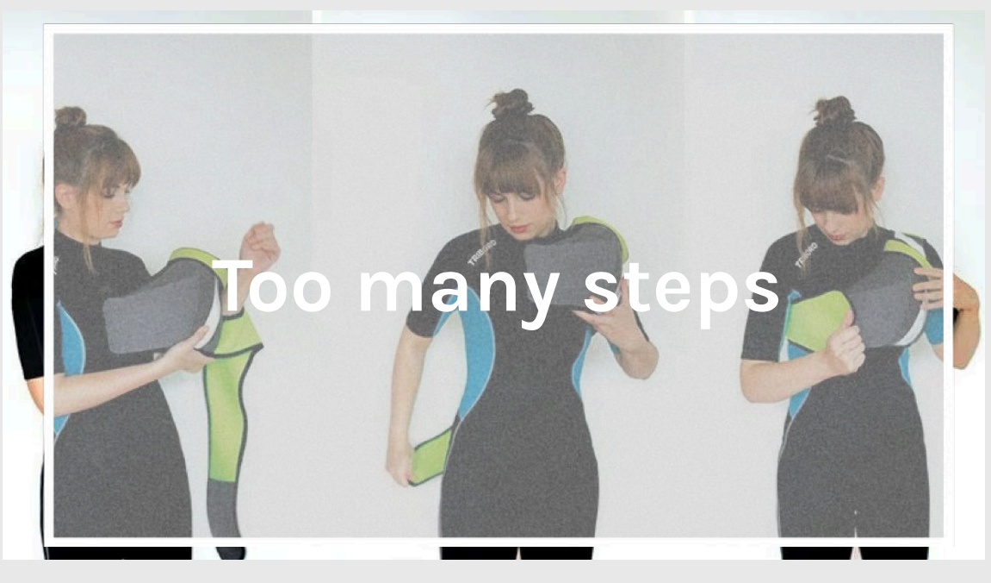
But Weakens Control?

THE CONTROL GAP
The operator can see the site, but cannot fully feel distance, movement or risk.



SCENARIO
A rescue operator controls a robot from outside a hazardous site.

Can device fit everyone?



Can I still move freely?
